REGIONAL COMMUNITY OF PRACTICE | DISCUSSED ON WEDNESDAY 2 DECEMBER

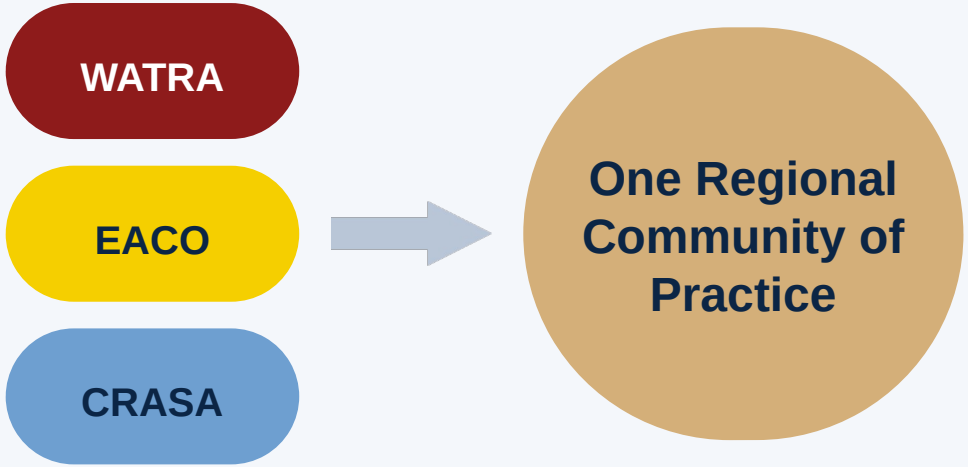
OUTPUT/3

Charter and Work Programme 2027-2028

The draft for the CoP members, the questions they answer, and how each CoP sends one common position to ITU by 26 November.

West Africa CoP | East Africa CoP | Southern Africa CoP

One standard and one Community of Practice



EXPECTED OUTCOMES

1. Agreement on a common data standard and data sharing approach

2. One Regional Community of Practice in place of three sub-regional groups

3. A start on investment readiness; investment planning in 2027-2028

OUTPUT/3 | DISCUSSED ON WEDNESDAY 2 DECEMBER

Charter and Work Programme 2027-2028

WHAT IT IS

The rules of the Community (purpose, members, chairs and rotation, working methods, calendar) and its plan for 2027-2028.

WHY IT MATTERS

It keeps the work going after the programme ends in 2028, led by the region rather than by ITU.

IN BRUSSELS

Day 3, Wednesday 2 December

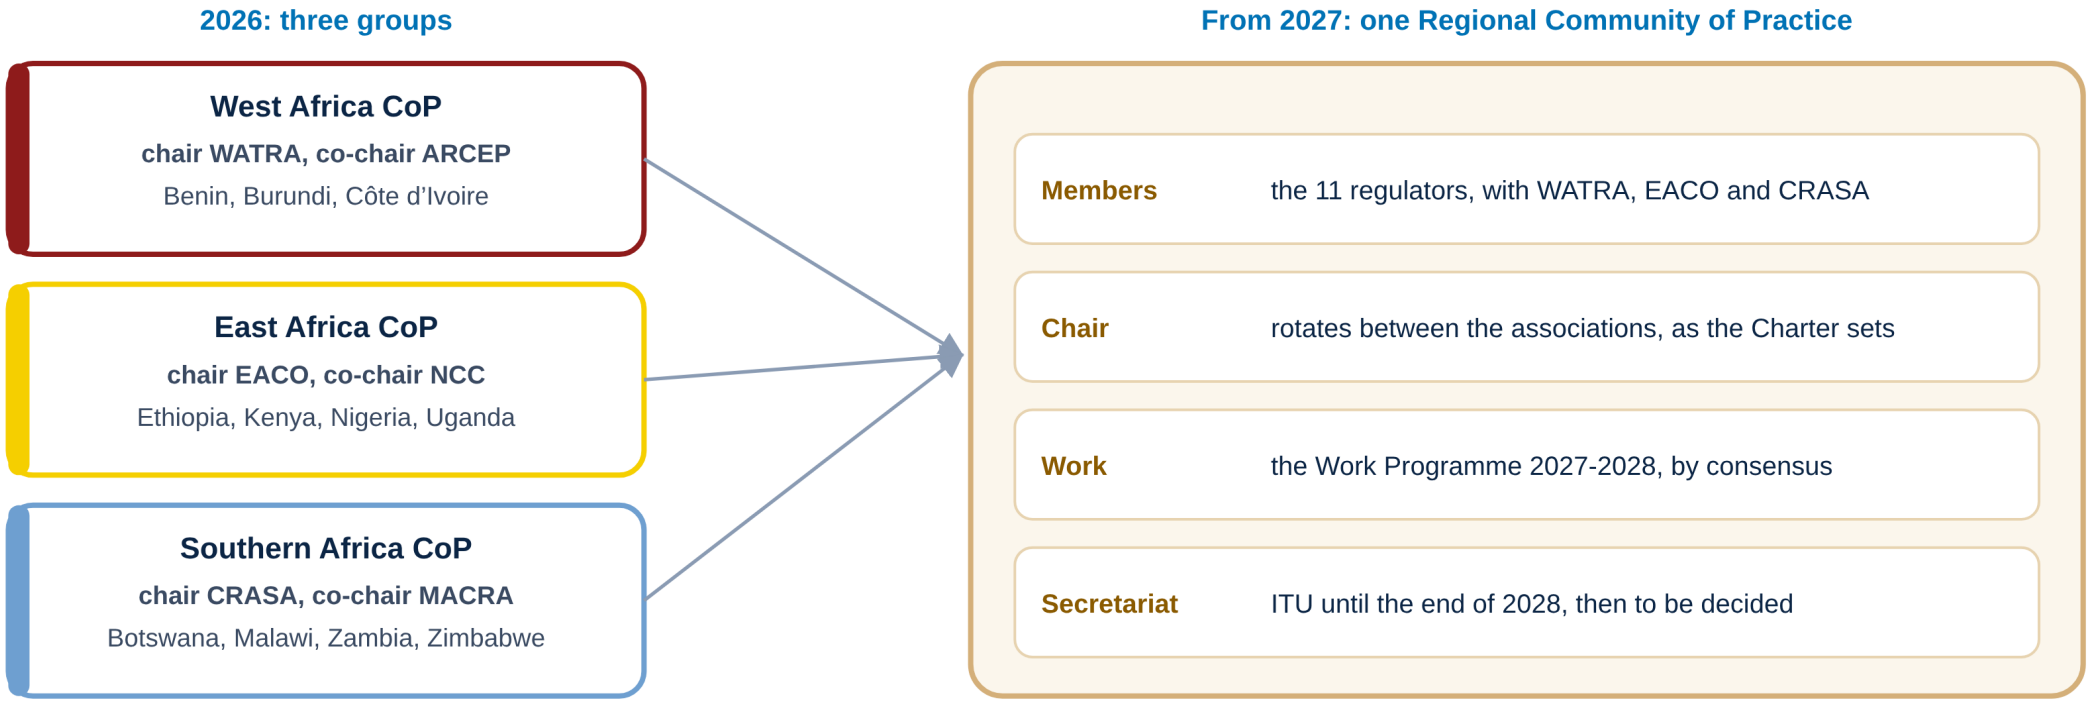
One Regional Community of Practice

Design its framework and co-draft the Work Programme 2027-2028.

Adopted with the other two outputs on Thursday 3 December, by consensus.

OUTPUT/3 IN ONE PICTURE

From three groups to one Community



FOR YOUR MEMBERS, TO ANSWER BY THE DATE YOUR CHAIR SETS

Three questions for your members

1. WORKING TOGETHER

How often should the Community meet, how should the chair rotate, and how should decisions be taken?

2. PRIORITIES

What should the Community work on first in 2027?

3. AFTER 2028

Who should host the Secretariat when the programme ends, and with which resources?

No document to fill in: ITU revises the draft Charter and Work Programme from the positions of the three CoPs.

No country figures are needed. Answer from experience and for the region: no country is singled out.

FROM NOW TO BRUSSELS
